Correction of: <https://mental.jmir.org/2024/1/e50259>

(*JMIR Ment Health* 2024;11:e60568) doi: [10.2196/60568](https://doi.org/10.2196/60568)

In “[Digital Phenotypes for Early Detection of Internet Gaming Disorder in Adolescent Students: Explorative Data-Driven Study]” (*JMIR Ment Health* 2024;11:e50259 doi: 10.2196/50259) the authors noted the following errors.

1. In the Results section of the Abstract, the sign in the following sentence:

Horizontal length of strokes ($\beta = -0.21$)

was corrected to:

Horizontal length of strokes ($\beta = 0.21$)

2. In Figure 1, the sign of the coefficient of the Horizontal length of strokes:

-0.21

was corrected to:

0.21

3. In Table 2, the sign of the β^a of the Horizontal length of strokes,

-0.21

was corrected to:

0.21

4. In Table 2, the t test value’s sign of the Horizontal length of strokes:

-2.59

was corrected to:

2.59

5. In Table 1, the column titles:

Potential IGD, Non-IGD

were corrected to:

Non-IGD, Potential IGD

The correction will appear in the online version of the paper on the JMIR Publications website on June 6, 2024, together with the publication of this correction notice. Because this was made after submission to PubMed, PubMed Central, and other full-text repositories, the corrected article has also been resubmitted to those repositories.

This is a non-peer-reviewed article. Submitted 16.05.24; accepted 23.05.24; published 06.06.24.
